The Original Cho-Pat® Knee Strap

Widely used and acclaimed by Orthopaedic Surgeons, Rheumatologists, Physical Therapists and their patients.

EFFECTIVELY:

- Reduces or eliminates symptoms of *"chondromalacia patella"* by improving patella tracking and elevating patella. Used as a tool in diagnosis.
- Prevents or reduces patella subluxation/dislocation.
- Used as treatment of patellofemoral arthritis, ilio-tibial band friction syndrome and patellar tendinitis.
- Used by some professionals to improve fuctional levels in patients with lower extremity spasticity.
- May promote a preventative component with regular wear.

OTHER FEATURES:

- Cool and Comfortable to Wear
- Allows Normal Knee Action
- Easy to Apply and Adjust
- Available in Five Sizes
- Lightweight
- Stable
- Durable
- Dynamic
- Washable
- Inexpensive
- Accepted by Patient - thus Improving Compliance

Accepted Internationally

Used with success in total treatment regime by well-known sports podiatrist, Steven I. Subotnick, DPM, MS.
